

NUC-C4 L2

Intel® Celeron® J3060 Dual-Core Processor
micro soft router

Features:

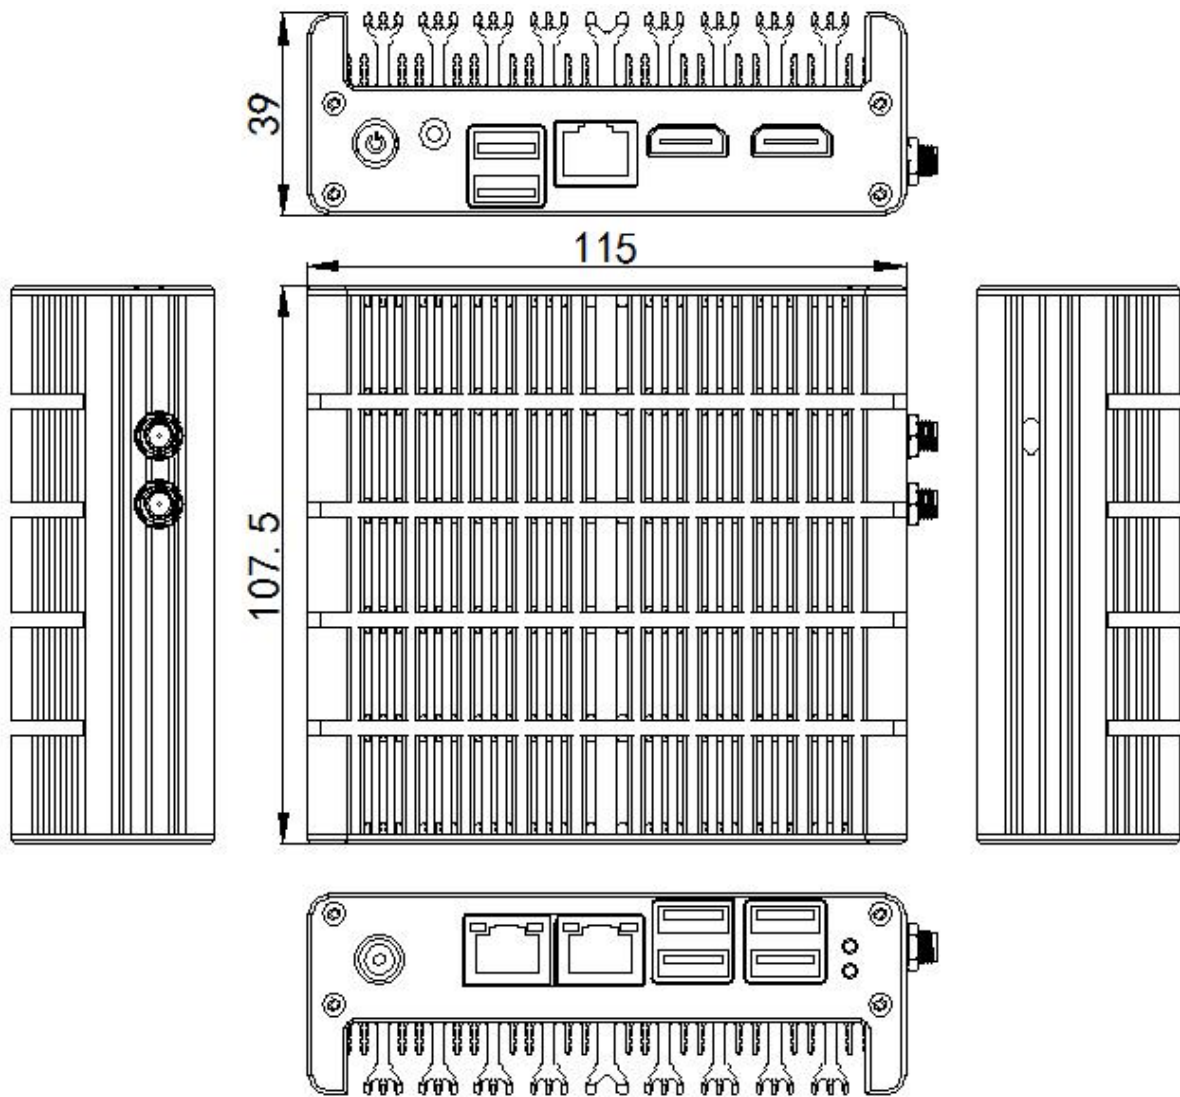

- ◇ Mini fanless all-aluminum alloy chassis;
- ◇ Onboard Intel Celeron J3060 processor;
- ◇ Support DDR3L 1600 8G memory;
- ◇ Support 2 MINI PCI-E slots;
- ◇ Support 2 HDMI high-definition display interfaces;
- ◇ Support 2 Intel Gigabit Ethernet ports;
- ◇ Applicable system:

Product Specifications

Model	NUC-C4 L2 Black (color can be customized freely)
Color	Black (color can be customized freely)
Material	High-quality all-aluminum alloy, hard anodized surface
Processor	Intel Celeron J3060 (2 cores 2threads, main frequency 1.6 GHz, frequency up to 2.48 GHz)
Memory	Support 1 DDR3L 1600MHz SODIMM memory slot, up to 8 GB
Graphic	Integrated Intel HD Graphics core graphics card
Display port	2 HDMI high-definition display interfaces (support synchronous/asynchronous dual display)
Front Panel I/O Ports	1 power switch, 1 audio two-in-one interface, 2 USB3.0, 1 RJ45 serial port (Console), 2 HDMI high-definition display interfaces
Rear Panel I/O	2 RJ45 network ports, 4 USB2.0 ports, 1 DC port
Expansion slot	Support 1 MINI PCIE slot (optional WIFI/Bluetooth) Support 1 MINI PCIE slot (support MSATA)
Network	2 Intel i211-AT Gigabit Ethernet ports
Storage	1 MSATA slot
Input voltage	Support DC 12V input
Function	Power-on boot, scheduled boot, LAN wake-up, PXE boot, watchdog (level 0-255)
Operating temp	0°C ~ +50°C (Commercial HDD) , -20°C ~ +50°C (Industrial SSD) , surface air flow
Humidity	5% ~ 95% non-condensed state
Certification	CE、CCC、FCC Class A、ROHS
Product Size	115 * 107.5 * 39 mm
Total Weight	0.5 kg
Application field	Business office, home learning, routers, network security and other fields

NUC-C4 L2 Product Five Views

Packing List

Name	QTY	Spec
Adapter	1	Optional 12V 5A/ 12V 4A
Power cable	1	Optional US, EU,UK Type
Certificate	1	Neutral
Warranty Card	1	Neutral
VESA mount	1	Suitable for standard back hanging

Optional information

Configuration	NUC-C4 L2	Intel Celeron J3060	Standard interface, 2 network ports, 6 USB
